

Pick It Ticket

Your one-stop shop for all your ticket needs

By Connor Smith

Are you tired of having to rush to a theater's show way before it begins just to get a good spot? Do you have special requirements for where you need to be in a theater's audience? With Pick It Ticket, we aim to help theaters help you with your needs!

What can you expect from Pick It Ticket?

1. The ability to, in advance, choose any spot in a theater that you want and reserve it!
2. Assistance in finding a spot that fits you or your party's needs!
3. Easy online ordering!

All of this, and without losing the ability for you to walk into your local theater and buy a ticket the day of the event!

For those of you who are more into the theater-providing business than the theaterviewing business, we've got you covered too! Pick It Ticket provides a simple, easy to understand system for you and your coworkers to view and edit any room in your system with ease!

1. Set up rooms however you like!
2. Easily introduce or change any special requirements that room may have!
3. See which seats people have already reserved!
4. Price seats individually, by area, or for the whole room at once!
5. Review what shows and seats were your most popular, so you can adjust future plans accordingly!
